Subject: Recommendation on Terry Daniel

I have known Terry Daniel for about five years. I became associated with him through the fire department. He is very active and cooperative with all personal.

Due to the lack of manpower on the police force, we work together with the fire department, which at this time has only firefighters, and has a need for this position.

Terry has the experience and has been recognized by the City Council as Fire Inspector/Investigator. I along with Henry Davis, State Fire Marshall, have worked together on several occasions, he has gather all information, evidence, and forms needed to investigate.

I would recommend that Terry Daniel be recognized and hold the position of Fire Prevention/Investigation for the City of Lanett. I feel that he would hold this position with respect and devotion to the City and it's Citizens.

Sincerely,

Memorandum

To: Bob Walker

Date: February 19, 1986

From: Chief Harry Hudson

Subject: Recommendation on Terry Daniel

I have known Terry Daniel for about eight years. He started with the Lanett Fire Department as a Volunteer Fireman and was hired as a full time Firefighter in 1982. Terry is very active for the Fire Department and has a very good attitude about his job.

Terry has been working for the last 2½ years to better himself in the fire service and the Lanett Fire Department. He is working on becoming a Fire Inspector/Investigator and has devoted many hours of his own time to schools, inspections on buildings, and classes to make advancement toward becoming a Fire Inspector.

Terry is a good employee for the City of Lanett and cares very much about the people that he serves, the people he works with, and for the Fire Department.

On December 3-6, 1985, Terry completed school at the Fire College and on January 13, 1986, the City Council complimented his schooling as a Fire Inspector.

I, Chief Harry Hudson, would like to say that Terry Daniel would make a very good Fire Inspector/Investigator for our Department and would be one of the steps toward making a better Department to service the Citizens of Lanett.

Sincerely,

Harry C. Hudson, Fire Chief

SITUATION IN BRIEF

Hazardous liquids fire involving approximately 900 gallons of auto paint.

DETAILS

On Saturday March 26, 1988 at approximately 1330 hours, the Lanett Fire Department Station 2 responded to an alarm on the Cusseta Road in the Huguley Community. On arrival of the fire department, the fire was found to involve approximately 900 gallons of highly flammable automobile paint, paint thinner and laquer. These flammables were stored in 18 55 gallon drums.

During thie course of this fire we were faced with many hazards, including extreme heat, toxic fumes, live power lines above the fire, the houses near the fire being exposed to the extreme heat and subject to burning, and burning liquid running down hill toward firefighting personnel.

After the fire was brought under control, it was discovered that one of the 55 gallon drums involved had been heated to the point of exploding. In my nine years of firefighting service to the city, I have never had to fight a fire of this nature or severity. It is in my opinion that Mr. Daniel acted in a very professional manner directing the overall fire ground operations in confining and extinguishing the fire, while at the same time assuring the safety of all fire and civilian personnel on the scene.

ACTION TAKEN

Place this commendation in Mr.Daniels permanent personnel file.

APPENDIX F, FIRE INVESTIGATION

1. It is important to determine the cause of all fires. The IC should attempt to determine the cause of all fires. The determination must be based upon facts, observations, and the report of witnesses. Hearsay should never be used as the basis for reporting the determination of cause.
2. When fire investigations are needed and are beyond the IC's level of expertise, one of the following personnel should be contacted:

Randy Brown
Terry Daniel

3. Anytime the IC calls for an investigation, a report should be completed by the IC and investigator. An investigation report is not public record and should be kept confidential.

SUBJECT: TERRY DANIELS

I have known Terry Daniels over six years. I enlisted Terry into the Alabama Army National Guard and have served with him during those six years in Valley. Terry has proved himself to be an asset to the Valley Unit and the Alabama Army National Guard.

He can always be depended on complete his assigned duties and go the extra mile when needed. His hard work and dedication to duty speak highly of him and his character. Terry is never late for drill and has never missed a weekend drill.

Terry has proved many time that he is not only a good team player but also a good team leader. Terry can always be called on when this unit needs help in this community. His attitude toward community involvement is hard to beat.

Terry's strongest assets are his leadership ability and his dedication to duty.
